The pleasing operetta Bo Peep was rendered by a number of the little girls and young ladies of Pulaski at Antoinette Hall Monday night, with happy effect. The proceeds were to be used for the benefit of the Episcopal church. Unfortunately the entertainment was not well advertised and the attendance was consequently comparatively small. All those who did attend were delighted with the unique performance.

The success of the entertainment is due to the unremitting labors of Mrs. B. F. Carter and Miss Maude Edmundson, who prepared and trained the children, and to Mrs. G. A. Bop, who arranged the stage and superintended the presentation. In view of the considerable expense in getting up the costumes, etc., and because the play is entertaining and the cause patriotic, we suggest that Bo Peep be again presented at a more favorable time.

Hope for Runners.

COL. JNO. G. BALLENTINE
Nominated for Congress on the 59th Ballot.

When we went to press last week the convention was in great turmoil. It was then doubtful whether it would be able to organize. The committee on credentials feared all day Wednesday and nearly all night. The convention met and adjourned Thursday morning. In the afternoon the following resolution was adopted:

Resolved, That all persons in this body claiming to be delegates to the convention hereby pledge themselves to abide by its action and support its nominees and that all candidates whose names may be proposed for the nomination shall be pledged to the same effect.

About 4 o'clock the committee on credentials was announced. A unanimous report was submitted as to all delegates except those from the 5th, 6th and 9th districts of Maury county and one or two in Williams county. The Hancock vote was adopted as a basis for voting upon preliminary questions.

W. A. Stewart of Lawrence presented the majority report as to the contested districts from Maury, recommending the recognition of the Whitthorne delegates.

Jno. H. Henderson of Williams presented the minority report. The contestants from each district were allowed 15 minutes each to present argument and proof before the convention, except the Columbia contestants, who were allowed 25 minutes each. The argument closed at the 9th district then commenced.

Judge Jones moved that both sets of delegates be admitted, cast to cast half the vote; that the majority report as to the 6th district be adopted; that the list of delegates from the 9th headed by Barclay Martin be also admitted. It was never put, being lost in a confusion of amendments and motions in lieu, all of which were finally declared out of order.

NIGHT SESSION.
P. M. Figures called for the vote on admitting the delegates from the 5th.

S. C. Mitchell moved that the delegates from the 5th and 9th be excluded from voting.

Figures moved in lieu that the contestants from Maury be allowed to cast the vote of the county.

Mitchell moved to lay it on the table, which was carried by a vote by counties—694 to 603.

man and Geo. W. Currin of Williamson for secretary. Adopted. Judge Jones was escorted to the chair and addressed the convention at some length, counseling moderation and harmony.

The committee on basis of representation submitted two reports. The majority endorsing the Hancock vote and the minority endorsing Wilson vote. The majority report was adopted by a vote of 664 to 634.

A resolution was introduced by Mr. Johnson of Williamson endorsing Gen. Wm. B. Bate and pledging the delegates to this convention to his support. It raised a storm of opposition from the Bate democrats, who based their objection to its adoption upon the ground that this was a federal convention and that state issues should not be introduced because of the fact that the Columbia convention had invited delegates to participate in the convention and that had come here under that invitation and had been received, and now they should not be hampered by a resolution to compel them to renounce the aid they had given to the Bate cause.
